INSTRUCTIONS FOR COMPLETING THE APPLICATION

If the pre-printed information on the application is correct:

1. Check the box that indicates "there are no changes to the information on file for this facility."
2. Complete signature, email address, printed name, title and date and return the application.

If changes need to be made to the information on the application:

1. Check the box that indicates "changes are necessary as indicated below."
2. Line-out the pre-printed information and indicate the change on the same line to the left of the pre-printed information.
3. Complete signature, email address, printed name, title and date.
4. Access forms from www.anaheim.net/hms (see Changes That Require Submission of Forms on the reverse side of this form).
5. Return the application along with any necessary forms reflecting updates no later than the filing date. Completed applications and any forms received after the filing date may not be reflected on your permit or your annual invoice, may incur additional inspection fees and be subject to late filing fees.

Permit application must be returned no later than the filing date of Tuesday, May 31, 2011.

See the reverse side of this form for instructions for submitting the application.

- ☒ There are no changes to the information on file for this facility.
- ☐ Changes are necessary as indicated below.

- ☐ Changes to the Business Name, Business Owner and/or Environmental Contact are necessary. Forms that require changes are attached.
